

# Risk Assessment

## Technical Risks

ID	Name	Description	Impact	Likelihood	Risk Factor	Preventive Actions	Status	Status Date	Follow-up Date
R1	Minor challenges with new technologies	Limited time to learn various technologies	3	6	18	Training, experiment before development	Initial	25-11-2025	01-12-2025
R2	Major challenges with new technologies	Fundamental misuse of technology hindering project development	7	4	28	Training, experiment before development	Initial	25-11-2025	01-12-2025
R3	DevOps/Deployment issues	Network/configuration errors in infrastructure or CI/CD pipelines	4	6	24	Use Infrastructure-as-Code for quick redeployment	Initial	25-11-2025	01-12-2025
R4	Insufficient test coverage	Few or no automated tests, increasing risk of errors	9	7	63	Agree on TDD or code-first development	Initial	25-11-2025	01-12-2025
R1	Minor challenges with new technologies	Limited time to learn various technologies	3	5	15	Training and practical experience	Follow-up	01-12-2025	15-12-2025
R2	Major challenges with new technologies	Fundamental misuse of technology hindering project development	7	3	21	Training and practical experience	Follow-up	01-11-2025	15-12-2025
R3	DevOps/Deployment issues	Network/configuration errors in infrastructure or CI/CD pipelines	4	2	8	Improved documentation and automation	Follow-up	01-12-2025	15-12-2025
R4	Insufficient test coverage	Few or no automated tests, increasing risk of errors	9	4	36	Reconsider using TDD	Follow-up	01-12-2025	15-12-2025

## Business Risks

ID	Name	Description	Impact	Likelihood	Risk Factor	Preventive Actions	Status	Status Date	Follow-up Date
R5	Scope creep	Project scope expands	7	2	14	Update backlog, add more sprints	Initial	25-11-2025	01-12-2025
R6	Developer illness	Illness during flu season	7	1	7	Hire more, enable remote work	Initial	25-11-2025	01-12-2025

ID	Name	Description	Impact	Likelihood	Risk Factor	Preventive Actions	Status	Status Date	Follow-up Date
R7	Wrong priorities	Focus on features with little business value (UI/UX)	3	5	15	Extreme programming, keep customer close	Initial	25-11-2025	01-12-2025
R8	Supervisor unavailable	Supervisor sick or overbooked	2	1	2	Updated Scrum board, detailed tasks	Initial	25-11-2025	01-12-2025
R9	Procrastination	Deadlines missed, work rushed or incomplete	7	3	21	Assign smaller, simpler tasks	Initial	25-11-2025	01-12-2025
R10	Revocation of Residence Permit	Risk that group members lose their legal right to stay due to residence permit withdrawal, reducing team size and continuity	7	4	16	Monitor immigration status regularly, provide legal support, maintain backup staffing plans	Initiate	02-12-2025	01-12-2025
R5	Scope creep	Project scope expands	7	1	7	Regular backlog reviews	Follow-up	01-12-2025	15-12-2025
R6	Developer illness	Illness during flu season	7	1	7	Cross-training team members	Follow-up	01-12-2025	15-12-2025
R7	Wrong priorities	Focus on features with little business value (UI/UX)	3	4	12	daily standup	Follow-up	01-12-2025	15-12-2025
R8	Supervisor unavailable	Supervisor sick or overbooked	2	1	2	Updated Scrum board, detailed tasks	Follow-up	01-12-2025	15-12-2025
R9	Procrastination	Deadlines missed, work rushed or incomplete	7	2	14	Implement time management techniques	Follow-up	01-12-2025	15-12-2025
R10	Revocation of Residence Permit	Risk that group members lose their legal right to stay due to residence permit withdrawal, reducing team size and continuity	7	3	21	Maintain regular communication	Follow-up	01-12-2025	15-12-2025

Delivery Risks

ID	Name	Description	Impact	Likelihood	Risk Factor	Preventive Actions	Status	Status Date	Follow-up Date
----	------	-------------	--------	------------	-------------	--------------------	--------	-------------	----------------

ID	Name	Description	Impact	Likelihood	Risk Factor	Preventive Actions	Status	Status Date	Follow-up Date
R10	Poor time management	Process model/rituals not followed	10	7	70	Daily Scrum, enforce Scrum meetings	Initial	25-11-2025	01-12-2025
R11	Lack of feedback	No ongoing feedback from stakeholders	4	7	28	Seek stakeholders, schedule meetings	Initial	25-11-2025	01-12-2025
R12	Uneven progress	Irregular work, no plan for completion	9	6	54	Use burndown charts to track progress	Initial	25-11-2025	01-12-2025
R10	Poor time management	Process model/rituals not followed	10	5	50	Enforce Scrum meetings	Follow-up	01-12-2025	15-12-2025
R11	Lack of feedback	No ongoing feedback from stakeholders	4	5	20	Regular stakeholder meetings	Follow-up	01-12-2025	15-12-2025
R12	Uneven progress	Irregular work, no plan for completion	9	4	36	Improved sprint planning	Follow-up	01-12-2025	15-12-2025

Risk Matrix

Sandsynlighed											
Høj	10										Grøn: 0-25
	9										Gul: 26-59
Sandsynligt	8										Rød: 60-100
	7			R11					R4	R10	
Middel	6		R1	R3					R12		
	5		R7								
Lav	4						R2				
	3						R9				
Ikke eksisterende	2						R5				
	1	R8					R6				
		1	2	3	4	5	6	7	8	9	10 Påvirkning
		Ingen		Lav			Alvorlig			Kritisk
